

FSM Connectivity

“Connecting
the four states
of FSM”

What is the FSM Connectivity Project?

A series of telecommunication reforms aimed at improving the availability and accessibility of modern telecommunication services in FSM. Implemented by the Government of FSM, funded by the World Bank, and supported by Telecommunication Regulations Authority (TRA) and FSM Telecommunications Cable Corporation (FSMTCC).

What our role is

- Submarine fiber optic cable company that is working on connecting the four states of FSM
- Operates and manages the submarine fiber optic cables that connect Yap, Chuuk, Pohnpei and (in 2021) Kosrae to ultra high-speed internet
- Acts as the Open Access Entity (OAE) for FSM and on behalf of the Government of FSM

Connection Timeline

- Yap, Chuuk and Pohnpei are operational
- Kosrae to be connected in 2021
